

A NEW DYEING AND CLEANING PLANT TO BE LOCATED HERE

Will Be Part of a Consolidation of Establishments in Nearby Towns.

F. H. Keener of Greensburg, President and General Manager, Grant Dull of Connellsville, and Grant Dull of Connellsville, are planning to build a new plant for bulk contracts.

Through a consolidation of cleaning and dyeing establishments in Greensburg, Brownsville and Morgantown and the establishment of a new plant in Connellsville, this city will soon be the center of a new and very important link in the chain of enterprises to be conducted by a new organization in which the people of the three towns will be stockholders and directors.

The new corporation which is being given today, that Grant Dull and F. H. Keener of Greensburg will apply for a charter on March 23 for an intended corporation to be called the Keener Dyeing and Cleaning Company with an authorized capital stock of \$300,000. The object as stated in the application is the dyeing, cleaning and repairing of wearing apparel, carpets, curtains and other like articles.

The new corporation which takes its name from the proprietors of the largest establishment that will be included in the consolidation will take over the plants in Greensburg, Brownsville and Morgantown and possibly another in the Monacaquella valley, in which operations have been entered into by F. H. Keener at Greensburg is one of the largest in Western Pennsylvania. It has been engaged a number of years since it began business and has built up an extensive trade in the district. Mr. Keener will be president and general manager of the new corporation and have full charge of the operations of the new establishment. These will devote particular attention to the trade of their respective localities.

To take care of bulk dyeing contracts in Indian pieces goods such as cottons, silks, wools and other fabrics in the local lots the recently erected building of Grant Dull near the Pennsylvania depot will be remodeled and equipped with the necessary machinery. This is easily done and at a comparatively small expense. The new plant will also have a large stock of dyestuffs, chemicals and other materials in permanent storage from which a business can be carried on. The new plant will be a very attractive one and the location of the new plant is a very desirable one.

The consolidation will eliminate the long haul now required to take the several agencies of the companies forming the combination, reduce overhead expenses, and provide advantages in the purchase of material and supplies. The separate establishments could not secure a large volume of business in the new enterprise and through the consolidation a line of trade can be handled for which the local plants in the combination are not equipped. Work will be commenced at once to place the several plants in shape for management from the central office which will be located in Connellsville. A temporary office has been opened in the Second National bank. It is expected that within 60 days, or 90 days at most, the company will have the Connellsville plant in full operation. Meanwhile activity will continue at these plants already in operation.

Are You Still Going Strong at 50? Full of Life and Energy—No?

Then Eat More Spinach and Carrots with Organic Iron to Help Give You Rich, Red Blood and Revitalize Your Wornout Exhausted Nerves

YOU CANNOT BE STRONG AND WELL WITHOUT PLENTY OF IRON IN YOUR BLOOD. Without iron your blood loses its power to change food into living tissue and therefore nothing you eat does you the proper amount of good—you do not get sufficient strength and energy out of it.

Thousands of people suffer from iron-starvation of the blood and are weak, nervous and ailing all the while WITHOUT SUSPECTING THE REAL CAUSE OF THEIR TROUBLE.

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

If you are not willing to eat the foods of iron—spinach, carrots, raisins, prunes, figs, etc.—you should eat Nuxated Iron. It is a powerful blood-builder and it gives you the iron you need. It is a powerful blood-builder and it gives you the iron you need. It is a powerful blood-builder and it gives you the iron you need.

NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY

THE INTEREST IN IMMIGRATION.

The great interest shown by the general public in matters relating to immigration which has found its form of expression in an unusual demand for government issued literature on the subject is an encouraging sign. It shows that the people are seriously considering this problem from the point of view of thoughtful citizens who are concerned about the future of our country. While there is no means of knowing what the attitude of the public in general is towards the measures proposed in Congress for the regulation of immigration it can be inferred that the vast majority of the people are sincere in their belief that the time is at hand when a change must be made in our immigration law of which character will prevent the undesirable from coming to our shores.

We have no hesitations to a degree of laxity in admitting immigrants and even now it is not disposed to close our doors to those who come from other lands. But the experience we have had with some of these who have come to America with the view of purpose of transplanting European ideas and theories which are harmful to their effects have been such that by common consent it is agreed that in the future there must be a more rigid system of selection as applied to immigrants. All those who are admitted to become Americans in spirit and ideals, and are willing to assume that responsibility, should not be denied entrance. Against the admission of all others, unimpeachable barriers should be erected.

Dealing with this question our several Congresses have shown such a lamentable reluctance to do political consideration involved that we have to a large extent been without a sound immigration policy. Even now there is a disposition not to face the issue in the largest degree possible, while making the pretense of doing something that will regulate immigration in consonance with the needs of the country rather than with a view to the popular effect of a revision of the laws will have.

Such being the situation every thoughtful citizen should feel the obligation resting upon him to keep before the members of Congress the fact that this very vital question must be solved and solved right. The time is at hand when we have every right without violating any of the fundamental principles upon which our nation was built to specifically and definitely prescribe who should and who should not be admitted to our shores and to impose any necessary restrictions to prevent the coming of all those who would not or could not become useful law abiding and loyal citizens.

SPREADING KNOWLEDGE OF SAFETY FIRST.

Here in the coal region—the home of Safety First as applied to mining—we are accustomed to hear so much about the safety firsts to life and limb in the industry that some persons are prone to think there is nothing more to be learned of the art. Hence, there may be a disposition to regard announcements of safety meetings or courses of instruction in first aid and mine rescue work as without interest to the general public.

This should not be the attitude of any person either employer or employee for each has a very important part in reducing the hazards of industrial employment. For this reason the forth-coming visit of the mine rescue unit of the United States Bureau of Mines should be looked forward to as an opportunity to increase our store of knowledge on matters pertaining to still greater safety to workers in all lines of industry.

Accident prevention has not attained the feeling any more nearly than any other form of endeavor in which the human element has any considerable part. Improvement has been constant, however, and each year makes an advance toward a higher degree of protection.

Through the persistent activities of mine officials there has been a wide diffusion of knowledge respecting the approved means of preventing accidents and instruction to see that what should be done in case of accident. A very large number of men have been trained in first aid and mine rescue work. But there is still great need that a still larger number of employees acquire the knowledge of how to use their arms in case of accident. It has been well established that the hazards of our employment are reduced in a most direct proportion to the information workers have acquired of the methods of avoiding dangers.

The visit of the mine rescue unit to the mining regions serve two purposes.

What Every American Should Know About His Country and Its History

Abraham Lincoln as a Rail splitter.

AMERICA has received her greatest honors from those who were born in humble circumstances. In the election of Senator Harding we have but another example of the opportunities that the American institutions under the Constitution offer to the industrious poor. It is a boyhood known the story of the early life of Abraham Lincoln—his struggles to achieve success amid the hardships of pioneer life. When nominated for the Presidency he was known as the Rail Splitter candidate. He helped to build the timbers that were used to build his own log cabin and has inspired his neighbors and the world with some money. It is his books to study his experiences for knowledge.

James A. Garfield drove horses on a canal for four years to earn money to start as a pupil in an academy. During his college years he also earned his living by working in the carpenter shops in the village. While a student at Union College he defrayed the expenses of his tuition by acting as janitor. It is the story of the boy who, and then the boy who later became President of the College. President Grant was the son of a tanner and as a youth worked in his father's tannery in Clinton County, Ohio. Andrew Johnson who became President upon the death of Lincoln was born of poor parents in Raleigh, North Carolina, and was apprenticed in his boyhood to a tailor. He never attended school, but worked out as his own master. He was a public speaker of another title as he lectured in his own right.

LIEUT. GOVERNOR BEIDLEMAN COMING FOR CONVENTION

Will be Chief Speaker at S. S. Institute Near Mount Pleasant Sunday.

SPECIAL TROLLEY SERVICE

West Penn Will Provide Cars to Handle Crowds to Gather at Hurst High School. More Interest in Baby Clinic; Other News of the Day.

Special to The Courier.

MOUNT PLEASANT, March 2.—Preparations are being made for the mid-winter Sunday school convention of District No. 4, Westmoreland county, in charge of M. A. King, superintendent, to be held at Hurst high school next Sunday afternoon. So that everybody will be provided with a means of getting to the convention, the West Penn will run a special trolley to follow the Meadow Hill car to Mount Pleasant, leaving Scottdale at 1:25 and Mount Pleasant at 1:45, following the Latrobe car to the high school. On the return two cars will leave Hurst at 4:20.

The singing of the afternoon will be in charge of Miss Cunningham, music supervisor of Mount Pleasant township.

The Scripture reading and prayer will be by Rev. Paul Stonestrick, pastor of the First Reformed church of Mount Pleasant, and the principal address of the afternoon will be made by Lieutenant Governor E. M. Beideman. Mr. Beideman will be introduced by Secretary of the Commonwealth Cyrus J. Woods.

Clinic Interest Continuing. Out of town babies are being brought to the Red Cross baby clinic in the Braddock building. Five or six new babies make their appearance every week, but with the return of good weather when babies may be taken out, the clinic will be brought more to the front. The committee in charge will have another meeting on Thursday afternoon.

ASPIRIN

Name "Bayer" on Genuine

It is criminal to take a chance on any substitute for "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on package or on tablet you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headaches, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handle the boxes of twelve tablets each, few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacturing Co., of Monheim, co-sponsor of Salicylic Acid. Ad-1.

MUCH INTEREST IN REVIVAL AT FURNACE TOWN

Special to The Courier.

DUNBAR, March 2.—The special meetings at the Methodist Episcopal church are progressing finely and much interest is being shown. Last Friday night Rev. J. M. Thoburn of Asbury Methodist Episcopal church, Uniontown, preached a very able and earnest sermon that had a very excellent effect on the congregation. There was no Saturday evening service. Sunday morning and evening and Monday evening the pastor, Rev. R. S. Hardin, preached able discourses and added to the interest already manifest. Last evening Rev. Dr. B. W. Hutchinson, pastor of Connelldale Methodist Episcopal church, preached.

Tonight and Thursday night Rev. A. C. Brown of the Coke Mission staff will preach. His success in his field of labor stamps him as an able revivalist.

The meetings begin at 7:30 and will continue all week, and most likely will be continued over Sunday, especially if the interest justifies it. In addition to the excellent sermons, fine music of a large choir of select singers adds much to the interest.

Mrs. and Mrs. Ray Fowler and family of Mount Pleasant visited Mrs. Fowler's parents, Mr. and Mrs. E. E. Burdick, Lydia E. Burdick's Vegetable Compound, over Sunday.

Mrs. John Laughrey and son of Uniontown spent Sunday with her daughter, Mrs. David Baker, of Ferguson, who is the daughter of the late Mrs. Laughrey, who died in Dunbar township for a number of years, but after the death of her husband.

To Remove Grease With External Treatment—Indiana, Woman's Experience.

Nels, I would be glad to mention these statements in my right, not only Mrs. R. E. Deyarum, Indiana, but also in his own home, as the only one with News.

Just this morning, Mrs. R. E. Deyarum, Indiana, removed a large grease stain from her daughter's dress. The stain, caused by a hot oil, had been on the dress for some time. It was difficult to remove, but Mrs. Deyarum was able to remove it by using Dr. Edwards' Olive Tablets.

Dr. Edwards' Olive Tablets are a natural, pure, and powerful purgative. They are made from the finest olive oil, and are completely free from any harmful ingredients. They are a safe and effective remedy for all cases of constipation, indigestion, and other ailments of the digestive system.

Pianos of National Reputation

Prices That Command Attention

It is not unusual to hear of bargains in Pianos and Players but it is usually on instruments of little merit or Pianos of FAMOUS makes that are about worn out and which are worth but very little. Your best guide to buying a piano is the reputation of the house in the trade—if you go to an institution that you know handles only such recognized famous makes as KNABE, HARRISMAN, A. B. CHASE, ESTEY, FRANCIS BACON, POSTER & CO., THE AUTOTONE, THE AMPICO REPRODUCING PIANOS you take no chances whatever. In no other store can you find such a distinguished array of these leaders as you can view at all the GREAT FREDERICK STORES—you will marvel at the great hosts of these Peerless Pianos that can be seen at FREDERICK'S—you will be amazed at the prices quoted—you will realize in a minute why this great house has prospered so. Pianos of WORLD FAMOUS at prices usually asked for ordinary instruments.

Grand Pianos—Baby Grands—Tiny Grands—Upright Pianos—Player Pianos—Amplio Reproducing Pianos—in fact the very last word in piano perfection is here. Reasonable terms of payment can be made you if necessary—we don't offer the lowest terms that can be found in Pianos, because THE QUALITY OF OUR PIANOS is not of that kind, BUT, nowhere is this whole universe you be given more consideration in the matter of terms, considering the fact that at this store only Pianos of class and distinction are shown and terms are very liberal, consistent with the quality. Our doors are open for you—it's to your own interest to buy here. Why not come today! Besides the comprehensive array of new Pianos and Players, we have on hand some rare values in instruments returned from renting, some traded in by Players, some Players traded in on Grands and Reproducing Pianos all put in perfect condition, some can hardly be told from new, a bargain is yours if you come here.

Besides the comprehensive array of new Pianos and Players, we have on hand some rare values in instruments returned from renting, some traded in by Players, some Players traded in on Grands and Reproducing Pianos all put in perfect condition, some can hardly be told from new, a bargain is yours if you come here.

Grand Pianos—Baby Grands—Tiny Grands—Upright Pianos—Player Pianos—Amplio Reproducing Pianos—in fact the very last word in piano perfection is here. Reasonable terms of payment can be made you if necessary—we don't offer the lowest terms that can be found in Pianos, because THE QUALITY OF OUR PIANOS is not of that kind, BUT, nowhere is this whole universe you be given more consideration in the matter of terms, considering the fact that at this store only Pianos of class and distinction are shown and terms are very liberal, consistent with the quality. Our doors are open for you—it's to your own interest to buy here. Why not come today! BOUT BETWEEN JOHNNY WARD AND CHARLEY DUNN AROUSING INTEREST AMONG FIGHT FANS

Ambridge Boxer, Well Known Here, is Slight Favorite Over His Opponent.

BASKETBALL TOMORROW

Speculation is rife as to the outcome of the 10-round bout between Johnny Ward of New York City and Charley Dunn of Ambridge which is the feature of the fight at the Ambridge arena at 8 o'clock tonight. Both of the principals are noted for their boxing ability.

After making overtures to the bout at the Ambridge arena, the fight is expected to be a close one. Ward, a local favorite, is expected to win by a narrow margin.

RIGHT AWAY CLARKE GOT TEBEAU'S GOAT

Former Pirate Manager Tells Yarn of Early Days.

Every Pat. First Bateman for Louisa, first Temper When Tensed by Recruit and Chased Him Clear Around Bases.

For the first time manager of the Pirates, Fred Clarke, has been in the hot seat. He was charged with the loss of the team's first game, a 10-0 defeat at the hands of the Yankees. Clarke, who has been in the hot seat for many years, was charged with the loss of the team's first game, a 10-0 defeat at the hands of the Yankees.

The team was gone through the season with only one defeat, the first game of the year, played against the Yankees. A number of regulars were missing from the team in the first game, and the team was in a poor position to win.

Lloyd Loom-Woven Baby Carriages and Furniture

Lots of Lovely Babies-But Only One Lovely Carriage

It's Lloyd's. In smart, luxurious, smooth designs to suit every mother's taste. And baby? Bless you! They fit little to chubby babies like a pillow of dreams.

From the tiniest bundle of dimpled loveliness to the bold babe in overall, there's a size and style to suit in.

Lloyd Loom-Woven Baby Carriages

The ingenious loom for weaving wickers invented by Marshall B. Lloyd works thirty times faster than human hands. It weaves beautiful, sturdy furniture. The proof of this pudding is in the seeing. The new styles are here first.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plaster gave, without the blister and without the burn.

Mustard does it. It is a clean, white emulsion, made with oil of mustard. It is scientifically prepared so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Mustard into the skin with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Mustard for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuritis, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruised children, frost-bitten feet, chills of the chest (it often prevents pneumonia).

It may be thought that it was Slim Heave's intent on to wait this precious pit to some hasty retreat cover them with leaves and hold them for ransom but it was not the case. He desired nothing from these two potentates beyond what might come to him through his ever open speaking slot.

This is all he had to say. Text-faster! Is getting kind of fresh.

"That's what I been thinkin' when?"

"What about Friday when the Bun is in the paper?"

"Good idea. Friday it is."

Not another word but as it happened it was enough to start Mr. Randolph.

It was not until the incident he had heard his name, just as their names were being called.

At the moment of the incident he was in the company of the last two of the four, and he had heard the name of the last two of the four.

Here You Have It! The Latest of Francis Lynde's Wonderful Railroad Stories!

When Graham Norcross, general manager of the Pioneer Short Line, determined to run his railroad square, he was in for the fight of his life with the corrupt stock jobbers and crooked politicians in league with them.

Norcross' opponents meant business. They did not shy at gun fights and causing train wrecks.

Here are some real adventures in big business. Here's a thrilling story of railroading in the West that holds you with its vividness and realism and—oh, yes—its romance, too.

What happened is all told in a delightfully breezy and irresistibly absorbing way by Norcross' boy stenographer—Jimmy Dodds.

You Are in Luck, for Soon You Will Have a Chance to Read It as a Serial in This Paper!

mailed the off-named one and proceeded to thread his way to a certain small room strategically placed with the depths of the club and far from the maddening tumult of the street. The said apartment at the moment of his arrival contained two men seated round a circular table of convenient height and of polished pine wood. One of the shades to the light of men. There were no mirrors on the walls.

Mr. Randolph's entry was greeted first with consternation and then with shouts.

Senreco
The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health. More teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube-to-day at your druggist or toilet counter—enjoy the healthy, cleanly feeling it gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste.

The name ended as do all titanic battles in absolute silence. Mr. Randolph sat there, staring at the man who had just spoken, and he was not alone. He was surrounded by a group of men, all of whom were looking at him with interest. He was the center of attention, and he was not at all uncomfortable. He was used to being the center of attention, and he was not at all uncomfortable.

That was the first time that Mr. Randolph had been the center of attention. He was not at all uncomfortable. He was used to being the center of attention, and he was not at all uncomfortable.

on evil times, and engaged that very day on Mr. Randolph's recommendation, he gave a certain address in Fifty-ninth street.

Let us now break one of the cardinal rules of narrative for cash by ruthlessly switching the objective point of view. Behold Miss Imogene Pamela, Thomson dressed in a ravishing, modestly modern (a-gown effect that would have cost her great-grandmother a ducking in the pond off Bleeker street if she had dared to wear it) her day at a fancy-dress ball, pacing up and down Mr. Randolph's recent sitting room and counting off nine on her fingers for the hundred and eighty-sixth time.

And then, at last, the bell! Tomlinson, his jaw set grimly, advanced upon the door. For an appalling

small moment Pamela held her breath and then let it go with a rush as she heard the old lady's voice. She was not at all uncomfortable. She was used to being the center of attention, and she was not at all uncomfortable.
